Some of the Measures Passed in Legislature—Good Roads Bills Are Lagging—Job's Work Done.

(By William Job.)

Jefferson City, March 18.—Another week will see the close of the forty-seventh assembly. About sixty measures have so far passed both houses and as many, if not more, will yet pass. I think the real work will close with the week. Saturday night will find most of the members starting for home, although actual adjournment will not likely take place before Monday, with only a few officials left to clean up.

The forty-seventh assembly has been above an average, not only in personality but in the amount of work done. There has been some laws enacted that at least the people believe they want. The state utility commission act, a move for free school books, home rule for the large cities, better supervision of speculations in bonds and stocks, and at least a temporary escape from the state having 2,400 convicts to care for without means of the latter earning their keep, the county unit law, the white slave law, and several others that could be mentioned. It seems to me that legislation affecting the highways is lagging somewhat. This could be expected, however, by the large number of bills introduced and the fact that every member of the assembly thinks he knows something about roads, and but few of them have the same ideas. I look for something along that line this week. The usual appropriation bills have passed the house, but only two of them have passed the senate but they will by the middle of the week.

Col. R. P. C. Wilson of Platte City has spent a few days here, and Saturday was invited to address the senate. Col. Wilson is the father of Senator Francis Wilson, who is now serving his second term in the state senate. Col. Wilson was speaker pro tem. of the thirty-fifth assembly and recalled the fact that fully one-half of the members of that assembly are now dead. Among those living the present Governor Major was at that time the postmaster for the assembly, and Harry L. Myers, formerly of Sedalia, who was a clerk in the house, is now United States senator from Montana. He also stated that three other members of that assembly had since been elected to congress, and the speaker of the house, Mr. Russell, was put in nomination by Champ Clark, who represented Pike county, and that Mr. Russell had returned the compliment last week by placing Mr. Clark in nomination for speaker of congress. Mr. William Taylor, who was a member of that assembly and was afterward convicted with his brother for the murder of the Meeks family, was hung.

The woman's suffrage amendment got a death blow in the senate and will not pass this session.

A bill has passed the senate to permit construction of the new capitol to begin. The old building is crumbling away under repeated blasts of dynamite, and by the last of the week the old walls will be laying flat.

I think Senator Craig intends to make a trip through Arkansas before returning home. I have my work about completed and want to get home for Easter.

J. F. Robb of Hopkins was a capital visitor last week.

Guest From Chicago.

Mrs. M. F. English of Chicago arrived in Maryville Wednesday morning and will be the guest of Miss Mary Schaefer at the home of Rev. Fr. Anselm until after Easter.

STIFLES GROWTH OF CITY.

High Prices at Which Unimproved Real Estate is Held Keeps Out Investors.

One of the problems which confronts Maryville today more than any other is the lack of suitable, modern homes. Families are being turned away from Maryville every day on account of not being able to find small homes with modern conveniences at reasonable rent.

There is very little building being done to supply this great demand. The main reason for this is the fact that lots suitable for building homes are held at from twice to three times their actual value. It is an unprofitable investment to build a modern home on these high priced lots, consequently the building proposition is stifled here.

It is an actual fact that lots can be bought in Des Moines, St. Joseph and Kansas City for less money than they can in Maryville.

The following is an ad taken from the Sunday Register-Leader of Des Moines, dated March 16:

"Four-room bungalow, \$950; \$15 down, \$15 a month. Payments cover interest."

"Four-room bungalow, only \$900; payments like rent."

The growth of Maryville is almost impossible until this condition is solved for the people will not live in these old houses without improvements, and consequently will choose other locations in preference to our city.

Mr. and Mrs. J. W. Neal of Savannah returned home Tuesday evening from short visits at Pickering with Mrs. Neal's parents, Mr. and Mrs. C. W. Strong, and in Maryville with her brother, Dick Strong, and family.

To the Democrats of Polk Township

Felix Grundy, a candidate for the Democratic nomination for Collector of Polk township, since the time of the announcement of his candidacy, has been suffering from sickness, and by reason of that unable to make a vigorous personal canvass. His friends desire to say for him that he has always been a sterling Democrat, a splendid citizen, a man of clean, industrious habits, and deserving of a favorable consideration from his party. Never in the party's history has there been a time for the need of yeoman service but that Felix was in the front rank, exerting every honorable effort to bring about its success, and his friends believe that because of his efforts in the party and his splendid manhood and citizenship that he ought to be honored by receiving this nomination, and we confidently assert to the public that if he is nominated for the office of Collector at the primaries, to be held next Saturday, that we can insure his triumphant election, and from our knowledge of the man and his splendid qualifications, that he will make an officer of whom the citizens of this township, irrespective of party, will be proud. We publish this to the public because of the unfortunate illness that he is suffering from at this time, which precludes a personal canvass of the citizens by him. This article is published by his friends without his knowledge. We say "Hurrah for Felix!" and appeal to the Democracy of this township to reward his years of party service by honoring him with this nomination.

NEW HOME FOR P. O.

GOVERNMENT BUILDING WILL BE OCCUPIED MAY 10.

PRIDE IN NEW BUILDING

Maryville Has a Building That is a Credit to the Town—The Work is Now Nearly Finished.

The new postoffice building will be completed about the first of May and the postoffice department will be located in the new building about May 10, so stated J. R. Edwards, superintendent of construction of the government building. The building was to have been completed April 1, but the time has been extended twenty-eight days on account of the government changing some of their plans of the building and holding up work at the start until these plans were ready. There will be all new fixtures in the building and it will take the postoffice department about two days to move to their new quarters.

The building is a very pretty one and the inside finishings and work is all in white and is certainly pretty. The glass is here for the windows, and by the last of next week the windows will all be in. Then there will be the paved driveway back of the building, and the forms are all ready for this work.

Maryville ought to be proud of her postoffice building, and no doubt she will when that place is visited and inspected. No town the size of Maryville has a better and prettier government building than we have.

LAST DAY OF MINISTRY.

Subject of Sermon at Passion Week Services at First Methodist Church.

There is a deepening interest in the Passion Week services at the First Methodist Episcopal church. The third service of the week was attended by a thoughtful and worshipful congregation. The music by the choir and the Normal Quartet added much to the pleasure and uplift of the service.

The sermon dealt with the last day of Christ's public ministry—a day of warning.

For the third morning Jesus returns to the temple and is immediately attacked by the leaders of the Pharisees. They attempt to humiliate Him before the people and trap Him with their questions. He meets them upon their own ground and outwits them, and at the same time giving clear evidence to them of His divinity and His right to their worship. After making these great replies concerning tribute money, the two great commandments, and it is still evident that the opposition will not yield to Him, He exposes their hypocrisy and sin in most scathing terms. As He leaves the city He turns and "sobbed out an apostrophe to Jerusalem, which is one of the most profound disclosures of the divine yearning for humanity's salvation ever given to the world."

He then warns His disciples by the parables of the ten virgins and the talents to be ready when He shall return to the world to establish His kingdom and to use every talent every day lest when the Lord returns they should come empty handed. Service rendered in His name, however, even though it be only one talent service, shall not lose its reward, for inasmuch as ye have done it unto me one of the least of these ye have served the Christ.

The subject tonight is "A Day of Contrasts." Anthem, "I Heard a Great Voice," Johnson. Miss Nellie Wray will sing "O Rest in the Lord," from "Elijah," Mendelssohn.

Going to California.

Mrs. John M. Lytle and little daughter, Emilie Helen, will leave Friday for their new home near San Francisco, Cal. They will be accompanied as far as Kearney, Neb., by Mrs. Lytle's mother, Mrs. Mary Owen, who will spend a few days there with an old school friend. Mr. Lytle has an excellent position with the Southern Pacific railroad, and the family will make their home at Burlingame, a suburb of San Francisco. It is also the home of Mr. Lytle's father, the Rev. E. B. Lytle, and his family, formerly of this city. Rev. Lytle has had the pastorate of the M. E. church there for several years.

DRILLING JUNE 1

DIGGING FOR OIL AND GAS TO START THEN.

MUCH IS UNDER LEASE

One Company Has 40,000 Acres Under Lease and Will Test Out Geological Reports.

Nodaway county has been described by the United States Geological report and also by the State Geological report as a possible oil and gas country and there have been many oil men here for the purpose of investigating and getting leases. During the past month or so, there have been five oil men here representing one company, looking over the country and investigating the conditions and they are all of the opinion that the prospects are exceedingly good for oil and gas.

The Pennsylvania Oil and Development Co., of Pittsburgh, Pa., which has many wells over the country, is the company that is getting large blocks of leases in the county and their five representatives here were Messrs. Nelson, Huff, Davis, Cramer and Hood. They have visited Hopkins, Conception, Barnard, Graham, Quitman, Burlington Junction and Maryville and in these communities, have secured many leases of farm lands.

This company has about 40,000 acres of land leased to explore for oil and gas in the county. About 30,000 acres of land that was leased by R. W. Wallace two years ago and turned over to Allen Bros., real estate dealers of this city, went to this company as Mr. Wallace was representing that company here in his work.

Messrs. Nelson and Huff are back at Pittsburgh now making a report of the conditions in this county. As these two men were more than pleased with the outlook and prospects for oil, they made a favorable report and the company expects to start work within the next few weeks.

A contract has been made that the company would commence preliminary operations here about June 1. Test wells will be drilled in different localities far enough apart to determine the nature of the formation.

The oil and gas leases are on the same terms and conditions usually used in oil countries. A royalty of one-eighth of all the oil produced from the premises leased, same to be delivered to the market free of any expense whatever, will be paid to the owner of the land. For each gas well a rental of \$100 per year is paid, with free gas for all domestic purposes. Other conditions in the leases are favorable, such as paying all damage to crops caused by operation for oil and gas; locating the wells on uncultivated portions of the farm; the lease does not affect the coal or any other substance found.

WAS A FIERCE GAME.

The Halley-Alry Basket Ball Teams Closed First Series Tuesday Evening—Score 7 to 11 for Alryites.

The basket ball teams belonging to the Washington school taught by Miss Lois Halley and Miss Gilda Alry, played a great basket ball game Tuesday evening after school. The players provoked so much enthusiasm for themselves that when the game was over no one could really tell which were the victors, they all yelled just alike and said different things at the same time in such perfect unison that the whole business sounded just alike, and sounded like everybody was it, and it was only when one of the teachers was found wending her way slowly home along a back street, where there was no danger of basket ball players being, that the reporter could find out just who did win.

Between her tired gasps (she must have been the referee) we learned that that the Alryites won Tuesday by a score of 7 to 11, but it seems that the Halleyites won the first two games of the series of three.

And now that the three games have been played without broken bones or noses or fatalities of any sort, and no one's feelings hurt beyond repair, the teams are going in for a series of five games, the trophy to be a pennant. The line-up for the two teams are:

Halleyites—Dean Ledgerwood, center; Paul Pickens and Glen Baker, guards; Robert Harris and Charles Bellows, Jr., forwards.

Alryites—Timman White, center; Roy Neal and Glen Anderson, guards; Joe Kemp and Forrest Hutchison, forwards.

TO AILING WOMEN.

A Little Sound Advice Will Help Many
a Sufferer in Maryville.

No woman should consider herself
healthy and well if the kidneys are
weak. Poisons that pass off in the se-
cretions when the kidneys are well are
retained in the body when the kidneys
are disordered. If the kidneys and
bladder become inflamed and swollen
worse troubles may quickly follow.
This is often the cause of bearing down
pains, lameness, backache, etc. Urle
poisoning is also frequent cause of
headaches, dizzy spells, languor, nerv-
ousness and rheumatic pain.

When suffering so, try Doan's Kid-
ney Pills, a remedy that has proven
effective in thousands of such cases.
Let a Maryville woman tell of her ex-
perience.

Mrs. L. Cain, 709 East Second street,
Maryville, Mo., says: "My kidneys
bothered me quite awhile and I had
backaches and headaches. On a friend's
advice I got Doan's Kidney Pills and
they soon brought me relief. I can cer-
tainly recommend them."

tiful cloths are being used in light weight materials which makes
a coat just the right weight for a spring wrap—then just enough
Bulgarian trimming to make a garment snappy—then the hand-
some big buttons which always adds to the trimming of a coat—
then the new cuts and lengths of the Coats—all these features
are embodied in the garments we are showing. As is always the
case the prettiest Coats go first, so see our Coats as early as
possible.

Blazers

are very attractive Coats in the Norfolk style, and are just the
right weight for a child for this season of the year. We have

plaid material on the collars and cuffs which makes a very at-
tractive little garment.

THE GREAT INDIAN DOCTOR

Is Located at Linville Hotel, Maryville
He will Stay in Maryville till Sunday.

He wants 10 more cases that he will treat free of charge, except for medicines used.
The first ones that come will be waited on first. Big crowds come to see the Indian Doctor.

This is the Indian Doctor you have read so much about in the
papers throughout the state—the wonderful cures he has made when
others have failed. He is a half-blooded Sioux Indian from the Rose-
bud agency, South Dakota; his mother is a full-blood Indian and his
father a white man. His father was the chief medicine man on the
reservation, and was a graduate physician, and so is he, a graduate of
one of the best medical colleges in the United States.

FREE OFFER

For one week only he will examine you, and treat you free of
charge, except for medicine used. He treats you with pure root and
herb medicine.

He treats diseases of the Blood, Skin, Heart, Lungs, Liver and
Kidney Diseases, Stomach Trouble, Bowel and Bladder Trouble, Nerv-
ous Diseases, Loss of Nerve Force, Rupture and Piles, without the
knife and without pain or detention from business, Epileptic Fits (fall-
ing sickness), Rheumatism, Paralysis, Catarrh, Varicose Veins (knot-
ted veins), Ulcers, Gall Stones and all private diseases of men and
women. Married women, please bring your husbands along.

What is Disease?

A state of the body disturbing the performance of the VITAL
FUNCTIONS and causing PAIN, WEAKNESS, DISORDER, COM-

PLAINT, EMACIATION, COLLAPSE, DEPRESSION, UNCONSCIOUS-
NESS AND DEATH.

Why Should I Not Advertise My Business?

Having thoroughly qualified myself for my specialty I believe I
should possess equal rights with other business men, and to deprive
me of any of the sacred rights guaranteed to all by the liberal laws of
our country is professional tyranny.

You say you have no confidence in getting cured. What right
have you to pass an opinion without an HONEST INVESTIGATION?
There is only one way to arrive at this conclusion and that is to POS-
ITIVELY KNOW the cause of your disease. You will never be cured
by guessing. Neither by your judgment or the doctor who THINKS
he knows what is wrong with you. YOU MUST KNOW. There is a
vast difference in surgery, acute and chronic diseases. I am a spe-
cialist on chronic diseases and claim, demonstrate and prove that I
am qualified both professionally and by experience. By examination
I can tell you all your aches and pains and diagnose to the most mi-
nute detail. Any of your friends will offer their opinions as to your
troubles if you explain how you felt. Opinions are not what you want.
FACTS. A true condition of your health is what you must know if
the treatment given is expected to benefit and cure you.

To Meet Saturday, March 22.
The Democrats of White Cloud town-
ship are requested to meet in a mass
convention at the Davis school house
on Saturday afternoon at 2 o'clock,
March 22, for the purpose of nominat-
ing a township ticket.

NED BUSBY,
Committeeman from White Cloud
Township.

A Card.

To the voters of Polk Township:
I will state to the people that I am
a candidate for the office of trustee of
Polk township, subject to the nomi-
nating Democratic township convention
to be held next Saturday, March 22,
and the candidates will be voted on
the following Tuesday, March 25. I
have lived here over forty-eight years
and never held an office of honor,
profit or trust. I would give my
whole time to the office if nominated
and elected, and would be on the
ground personally to see that every
bridge or culvert was put in accord-
ing to contract. I thoroughly un-
derstand the concrete business in every
way, as I have worked for the city as
inspector on concrete curbing for
First, Second, Market streets and Lawn
avenue and some others.

Respectfully,

was the lowest.

We are still in the business and still in the lead

Our stock of Men's and Boy's Spring Suits is now

Every article we sell is guaranteed to be
perfect and good honest value or
money refunded.

We ask you to give a look and your trade if we
please you. We want you to trade with a substantial

A HAPPY, LAUGHING CHILD IN FEW HOURS.

If Cross, Irritable, Feverish, Tongue
Coated and Sick, Give Delicious
"Syrup of Figs."

Your child isn't naturally cross, irritable and peevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs," and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

She was a successful teacher of music in this city and community. Four years ago she went to Santa Rosa, Cal., and set up a music studio and made a success of her work.

Remembered Her Birthday.

Mrs. F. P. Robinson has just received a most happy letter from Miss Emma Kildow of Maryville, who is rapidly regaining her health in the tubercular sanitarium at Tucson, Ariz., in which she tells of the happy surprise she received on her birthday anniversary, Thursday, March 13, when she received 110 postal cards, twenty-five letters, many beautiful flowers, and numerous other gifts, all containing messages so full of cheer and good will from Maryville friends, and some in other places, that she knew no words to express her joy and pleasure in being to be remembered. Miss Kildow left Maryville last fall for Los Angeles, Cal., in company with Mrs. Fletcher Irwin, and remained there until the rainy season came on, when she went to Arizona on the advice of her physician. Miss Kildow was accompanied to Arizona by Mrs. Catherine Miller of this city, whose ward Miss Kildow is, but the improvement the young lady is making is so satisfactory that Mrs. Miller left for Maryville several weeks ago, and is now about to close a visit with her sons in Oklahoma. Miss Kildow will remain in Tucson for some time.

FOOD FOR A GOOD DIGESTION.

A Local Druggist's Suggestion.

It has been said the body is like a machine and digestion and elimination of food are the two great factors to health.

If the digestive organs are weak, the stomach overtaxed, waste matter accumulates in the system—the liver gets sluggish and the blood becomes thin and devalitized.

We want to ask every person in this vicinity who is troubled with indigestion or a weak without stomach to try our delicious cod liver and iron tonic Vinol.

We know it will strengthen and tone up the weakened, tired and overtaxed nerves of the digestive organs, create a hearty appetite, and replace weakness with strength.

We just heard of a case of a man in Oneonta, N. Y., who suffered from a bad stomach trouble for fifteen years and had become so weak he could hardly walk—who was cured by Vinol.

Try a bottle of Vinol and if it fails to help you we will give back your money.—Orean-Henry Drug Co., Maryville, Mo.—Advertisement.

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve Indigestion and Dyspepsia.

Resall Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary carminatives that help nature to supply the elements the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Resall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you.

We know what Resall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Resall Dyspepsia Tablets will satisfy you? Three sizes: 25 cents, 50 cents, and \$1.00.

Some of the Measures Passed in Legislature—Good Roads Bills Are Lagging—Job's Work Done.

(By William Job.)

Jefferson City, March 18.—Another week will see the close of the forty-seventh assembly. About sixty measures have so far passed both houses and as many, if not more, will yet pass. I think the real work will close with the week. Saturday night will find most of the members starting for home, although actual adjournment will not likely take place before Monday, with only a few officials left to clean up.

The forty-seventh assembly has been above an average, not only in personality but in the amount of work done. There has been some laws enacted that at least the people believe they want. The state utility commission act, a move for free school books, home rule for the large cities, better supervision of speculations in bonds and stocks, and at least a temporary escape from the state having 2,400 convicts to care for without means of the latter earning their keep, the county unit law, the white slave law, and several others that could be mentioned. It seems to me that legislation affecting the highways is lagging somewhat. This could be expected, however, by the large number of bills introduced and the fact that every member of the assembly thinks he knows something about roads, and but few of them have the same ideas. I look for something along that line this week. The usual appropriation bills have passed the house, but only two of them have passed the senate but they will by the middle of the week.

Col. R. P. C. Wilson of Platte City has spent a few days here, and Saturday was invited to address the senate. Col. Wilson is the father of Senator Francis Wilson, who is now serving his second term in the state senate. Col. Wilson was speaker pro tem. of the thirty-fifth assembly and recalled the fact that fully one-half of the members of that assembly are now dead. Among those living the present Governor Major was at that time the postmaster for the assembly, and Harry L. Myers, formerly of Sedalia, who was a clerk in the house, is now United States senator from Montana. He also stated that three other members of that assembly had since been elected to congress, and the speaker of the house, Mr. Russell, was put in nomination by Champ Clark, who represented Pike county, and that Mr. Russell had returned the compliment last week by placing Mr. Clark in nomination for speaker of congress. Mr. William Taylor, who was a member of that assembly and was afterward convicted with his brother for the murder of the Meeks family, was hung.

The woman's suffrage amendment got a death blow in the senate and will not pass this session.

A bill has passed the senate to permit construction of the new capitol to begin. The old building is crumbling away under repeated blasts of dynamite, and by the last of the week the old walls will be laying flat.

I think Senator Craig intends to make a trip through Arkansas before returning home. I have my work about completed and want to get home for Easter.

J. F. Robb of Hopkins was a capital visitor last week.

Guest From Chicago.

Mrs. M. F. English of Chicago arrived in Maryville Wednesday morning and will be the guest of Miss Mary Schaefer at the home of Rev. Fr. Anselm until after Easter.

Senate Passed Act Giving Authority to Normal Board to Lease Land.

An act has been passed by the senate at Jefferson City and will pass the house authorizing the board of regents of this normal district school, located at Maryville, to lease certain tracts of land and to use the proceeds from such lease in the purchase of other lands or for the building of dormitories for the use of the Normal. The bill was introduced by Senator Craig of this county. The bill is as follows:

STIFLES GROWTH OF CITY.

High Prices at Which Unimproved Real Estate is Held Keeps Out Investors.

One of the problems which confronts Maryville today more than any other is the lack of suitable, modern homes. Families are being turned away from Maryville every day on account of not being able to find small homes with modern conveniences at reasonable rent.

There is very little building being done to supply this great demand. The main reason for this is the fact that lots suitable for building homes are held at from twice to three times their actual value. It is an unprofitable investment to build a modern home on these high priced lots, consequently the building proposition is stifled here. It is an actual fact that lots can be bought in Des Moines, St. Joseph and Kansas City for less money than they can in Maryville.

The following is an ad taken from the Sunday Register-Leader of Des Moines, dated March 16:

"Four-room bungalow, \$950; \$15 down, \$15 a month. Payments cover interest."

"Four-room bungalow, only \$900; payments like rent."

The growth of Maryville is almost impossible until this condition is solved for the people will not live in these old houses without improvements, and consequently will choose other locations in preference to our city.

Mr. and Mrs. J. W. Neal of Savannah returned home Tuesday evening from short visits at Pickering with Mrs. Neal's parents, Mr. and Mrs. C. W. Strong, and in Maryville with her brother, Dick Strong, and family.

To the Democrats of Polk Township

Felix Grundy, a candidate for the Democratic nomination for collector of Polk township, since the time of the announcement of his candidacy, has been suffering from sickness, and by reason of that unable to make a vigorous personal canvass. His friends desire to say for him that he has always been a sterling Democrat, a splendid citizen, a man of clean, industrious habits, and deserving of a favorable consideration from his party. Never in the party's history has there been a time for the need of yeoman service but that Felix was in the front rank, exerting every honorable effort to bring about its success, and his friends believe that because of his efforts in the party and his splendid manhood and citizenship that he ought to be honored by receiving this nomination, and we confidently assert to the public that if he is nominated for the office of Collector at the primaries, to be held next Saturday, that we can insure his triumphant election, and from our knowledge of the man and his splendid qualifications, that he will make an officer of whom the citizens of this township, irrespective of party, will be proud. We publish this to the public because of the unfortunate illness that he is suffering from at this time, which precludes a personal canvass of the citizens by him. This article is published by his friends without his knowledge. We say "Hurrah for Felix!" and appeal to the Democracy of this township to reward his years of party service by honoring him with this nomination.

NEW HOME FOR P. O.

GOVERNMENT BUILDING WILL BE OCCUPIED MAY 10.

PRIDE IN NEW BUILDING

Maryville Has a Building That is a Credit to the Town—The Work is Now Nearly Finished.

The new postoffice building will be completed about the first of May and the postoffice department will be located in the new building about May 10, so stated J. R. Edwards, superintendent of construction of the government building. The building was to have been completed April 1, but the time has been extended twenty-eight days on account of the government changing some of their plans of the building and holding up work at the start until these plans were ready. There will be all new fixtures in the building and it will take the postoffice department about two days to move to their new quarters.

The building is a very pretty one and the inside finishings and work is all in white and is certainly pretty. The glass is here for the windows, and by the last of next week the windows will all be in. Then there will be the paved driveway back of the building, and the forms are all ready for this work.

Maryville ought to be proud of her postoffice building, and no doubt she will when that place is visited and inspected. No town the size of Maryville has a better and prettier government building than we have.

LAST DAY OF MINISTRY.

Subject of Sermon at Passion Week Services at First Methodist Church.

There is a deepening interest in the Passion Week services at the First Methodist Episcopal church. The third service of the week was attended by a thoughtful and worshipful congregation. The music by the choir and the Normal Quartet added much to the pleasure and uplift of the service.

The sermon dealt with the last day of Christ's public ministry—a day of warning.

For the third morning Jesus returns to the temple and is immediately attacked by the leaders of the Pharisees. They attempt to humiliate Him before the people and trap Him with their questions. He meets them upon their own ground and outwits them, and at the same time giving clear evidence to them of His divinity and His right to their worship. After making these great replies concerning tribute money, the two great commandments, and it is still evident that the opposition will not yield to Him, He exposes their hypocrisy and sin in most scathing terms. As He leaves the city He turns and "sobbed out an apostrophe to Jerusalem, which is one of the most profound disclosures of the divine yearning for humanity's salvation ever given to the world."

He then warns His disciples by the parables of the ten virgins and the talents to be ready when He shall return to the world to establish His kingdom and to use every talent every day lest when the Lord returns they should come empty handed. Service rendered in His name, however, even though it be only one talent service, shall not lose its reward, for inasmuch as ye have done it unto me one of the least of these ye have served the Christ.

The subject tonight is "A Day of Contrasts." Anthem, "I Heard a Great Voice," Johnson. Miss Nellie Wray will sing "O Rest in the Lord," from "Elijah," Mendelssohn.

Going to California.

Mrs. John M. Lytle and little daughter, Emilie Helen, will leave Friday for their new home near San Francisco, Cal. They will be accompanied as far as Kearney, Neb., by Mrs. Lytle's mother, Mrs. Mary Owen, who will spend a few days there with an old school girl friend. Mr. Lytle has an excellent position with the Southern Pacific railroad, and the family will make their home at Burlingame, a suburb of San Francisco. It is also the home of Mr. Lytle's father, the Rev. E. B. Lytle, and his family, formerly of this city. Rev. Lytle has had the pastorate of the M. E. church there for several years.

DRILLING JUNE 1

DIGGING FOR OIL AND GAS TO START THEN.

MUCH IS UNDER LEASE

One Company Has 40,000 Acres Under Lease and Will Test Out Geological Reports.

Nodaway county has been described by the United States Geological report and also by the State Geological report as a possible oil and gas country and there have been many oil men here for the purpose of investigating and getting leases. During the past month or so, there have been five oil men here representing one company, looking over the country and investigating the conditions and they are all of the opinion that the prospects are exceedingly good for oil and gas.

The Pennsylvania Oil and Development Co., of Pittsburg, Pa., which has many wells over the country, is the company that is getting large blocks of leases in the county and their five representatives here were Messrs. Nelson, Huff, Davis, Cramer and Hood. They have visited Hopkins, Conception, Barnard, Graham, Quitman, Burlington Junction and Maryville and in these communities, have secured many leases of farm lands.

This company has about 40,000 acres of land leased to explore for oil and gas in the county. About 30,000 acres of land that was leased by R. W. Wallace two years ago and turned over to Allen Bros., real estate dealers of this city, went to this company as Mr. Wallace was representing that company here in his work.

Messrs. Nelson and Huff are back at Pittsburg now making a report of the conditions in this county. As these two men were more than pleased with the outlook and prospects for oil, they made a favorable report and the company expects to start to work within the next few weeks.

A contract has been made that the company would commence preliminary operations here about June 1. Test wells will be drilled in different localities far enough apart to determine the nature of the formation.

The oil and gas leases are on the same terms and conditions usually used in oil countries. A royalty of one-eighth of 31 the oil produced from the premises leased, same to be delivered to the market free of any expense whatever, will be paid to the owner of the land. For each gas well a rental of \$100 per year is paid, with free gas for all domestic purposes.

Other conditions in the leases are favorable, such as paying all damage to crops caused by operation for oil and gas; locating the wells on uncultivated portions of the farm; the lease does not affect the coal or any other substance found.

WAS A FIERCE GAME.

The Halley-Alry Basket Ball Teams Closed First Series Tuesday Evening—Score 7 to 11 for Alryites.

The basket ball teams belonging to the Washington school taught by Miss Lois Halley and Miss Golda Alry, played a great basket ball game Tuesday evening after school. The players provoked so much enthusiasm for themselves that when the game was over no one could really tell which were the victors, they all yelled just alike and said different things at the same time in such perfect unison that the whole business sounded just alike, and sounded like everybody was it, and it was only when one of the teachers was found wending her way slowly home along a back street, where there was no danger of basket ball players being, that the reporter could find out just who did win.

Between her tired gasps (she must have been the referee) we learned that the Alryites won Tuesday by a score of 7 to 11, but it seems that the Halleyites won the first two games of the series of three.

And now that the three games have been played without broken bones or noses or fatalities of any sort, and no one's feelings hurt beyond repair, the teams are going in for a series of five games, the trophy to be a pennant. The line-up for the two teams are:

Halleyites—Dean Lederwood, center; Paul Pickens and Glen Baker, guards; Robert Harris and Charles Bellows, Jr., forwards.

Alryites—Timlan White, center; Roy Neal and Glen Anderson, guards; Joe Kemp and Forrest Hutchison, forwards.

TO AILING WOMEN.

A Little Sound Advice Will Help Many a Sufferer in Maryville.

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing down pains, lameness, backache, etc. Urine poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maryville woman tell of her experience.

Mrs. L. Cain, 709 East Second street, Maryville, Mo., says: "My kidneys bothered me quite awhile and I had backaches and headaches. On a friend's advice I got Doan's Kidney Pills and they soon brought me relief. I can certainly recommend them."

He will Stay in Maryville till Sunday.

He wants 10 more cases that he will treat free of charge, except for medicines used. The first ones that come will be waited on first. Big crowds come to see the Indian Doctor.

This is the Indian Doctor you have read so much about in the papers throughout the state—the wonderful cures he has made when others have failed. He is a half-blooded Sioux Indian from the Rosebud agency, South Dakota; his mother is a full-blooded Indian and his father a white man. His father was the chief medicine man on the reservation, and was a graduate physician, and so is he, a graduate of one of the best medical colleges in the United States.

FREE OFFER

For one week only he will examine you, and treat you free of charge, except for medicine used. He treats you with pure root and herb medicine.

He treats diseases of the Blood, Skin, Heart, Lungs, Liver and Kidney Diseases, Stomach Trouble, Bowel and Bladder Trouble, Nervous Diseases, Loss of Nerve Force, Rupture and Piles, without the knife and without pain or detention from business, Epileptic Fits (falling sickness), Rheumatism, Paralysis, Catarrh, Varicose Veins (knotted veins), Ulcers, Gall Stones and all private diseases of men and women. What is Disease?

A state of the body disturbing the performance of the VITAL FUNCTIONS and causing PAIN, WEAKNESS, DISORDER, COM-

PLAINT, EMACIATION, COLLAPSE, DEPRESSION, UNCONSCIOUSNESS AND DEATH.

Why Should I Not Advertise My Business?

Having thoroughly qualified myself for my specialty I believe I should possess equal rights with other business men, and to deprive me of any of the sacred rights guaranteed to all by the liberal laws of our country is professional tyranny.

You say you have no confidence in getting cured. What right have you to pass an opinion without an HONEST INVESTIGATION? There is only one way to arrive at this conclusion and that is to POSITIVELY KNOW the cause of your disease. You will never be cured by guessing. Neither by your judgment or the doctor who THINKS he knows what is wrong with you. YOU MUST KNOW. There is a vast difference in surgery, acute and chronic diseases. I am a specialist on chronic diseases and claim, demonstrate and prove that I am qualified both professionally and by experience. By examination I can tell you all your aches and pains and diagnose to the most minute detail. Any of your friends will offer their opinions as to your troubles if you explain how you felt. Opinions are not what you want. FACTS. A true condition of your health is what you must know if the treatment given is expected to benefit and cure you.

To Meet Saturday, March 22.
The Democrats of White Cloud township are requested to meet in a mass convention at the Davis School house on Saturday afternoon at 2 o'clock, March 22, for the purpose of nominating a township ticket.

NED BUSBY,
Committeeman from White Cloud Township.

A Card.

To the voters of Polk Township: I will state to the people that I am a candidate for the office of trustee of Polk township, subject to the nominating Democratic township convention to be held next Saturday, March 22, and the candidates will be voted on the following Tuesday, March 25. I have lived here over forty-eight years and never held an office of honor, profit or trust. I would give my whole time to the office if nominated and elected, and would be on the ground personally to see that every bridge or culvert was put in according to contract. I thoroughly understand the concrete business in every way, as I have worked for the city as inspector on concrete curbing for First, Second, Market streets and Lawn avenue and some others.
Respectfully,
COOPER GOODEN.

A HAPPY, LAUGHING CHILD IN FEW HOURS.

If Cress, Irritable, Feverish, Tongue Coated and Sick, Give Delicious "Syrup of Figs."

Your child isn't naturally cross, irritable and peevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectually, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs," and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

FOR A BAD STOMACH PAPE'S DIAPEPSIN.

Time It! In Five Minutes Gas, Sourness and Indigestion is Gone.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable that's when you realize the magic in Pape's Diapepsin. It makes such misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Married in California.

Mr. and Mrs. Joseph Everhart of Pickering announce the marriage of their daughter, Miss Ola Everhart, at Oakland, Cal., on Wednesday, March 12, to Mr. Clarence Wade of that city. The bride is well known in Maryville, having graduated from the Maryville Conservatory of Music in June, 1907, during the family's residence in Maryville. She was a successful teacher of music in this city and community. Four years ago she went to Santa Rosa, Cal., and set up a music studio and made a success of her work.

Remembered Her Birthday.

Mrs. F. P. Robinson has just received a most happy letter from Miss Emma Kildow of Maryville, who is rapidly regaining her health in the tubercular sanitarium at Tucson, Ariz., in which she tells of the happy surprise she received on her birthday anniversary, Thursday, March 13, when she received 119 postal cards, twenty-five letters, many beautiful flowers, and numerous other gifts, all containing messages so full of cheer and good will from Maryville friends, and some in other places, that she knew no words to express her joy and pleasure in being to remembered. Miss Kildow left Maryville last fall for Los Angeles, Cal., in company with Mrs. Fletcher Irwin, and remained there until the rainy season came on, when she went to Arizona on the advice of her physician. Miss Kildow was accompanied to Arizona by Mrs. Catherine Miller of this city, whose ward Miss Kildow is, but the improvement the young lady is making is so satisfactory that Mrs. Miller left for Maryville several weeks ago, and is now about to close a visit with her sons in Oklahoma. Miss Kildow will remain in Tucson for some time.

YOUNG men like our Sincerity and Dresswell Clothes
The keen lines of the garments, well shaped to the figure, the air of class that careful tailoring gives, are attention compelling. They are clothes that carry respect; up-to-the-minute in style, but without fripperies.

The best thing about them is the way they wear and keep their fresh appearance. After months of hard use you'll realize what we mean by deep-down tailoring, that *builds* the clothes *right*—not merely pressing them into temporary shape.

FOOD FOR A GOOD DIGESTION.

A Local Druggist's Suggestion.

It has been said the body is like a machine and digestion and elimination of food are the two great factors to health.

If the digestive organs are weak, the stomach overtaxed, waste matter accumulates in the system—the liver gets sluggish and the blood becomes thin and devalitized.

We want to ask every person in this vicinity who is troubled with indigestion or a weak wornout stomach to try our delicious cod liver and iron tonic Vinol.

We know it will strengthen and tone up the weakened, tired and overtaxed nerves of the digestive organs, create a hearty appetite, and replace weakness with strength.

We just heard of a case of a man in Onondaga, N. Y., who suffered from a bad stomach trouble for fifteen years and had become so weak he could hardly walk—who was cured by Vinol.

Try a bottle of Vinol and if it fails to help you we will give back your money.—Orean-Henry Drug Co., Maryville, Mo.—Advertisement.

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve Indigestion and Dyspepsia.

Reckall Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary carminatives that help nature to supply the elements the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Reckall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you.

We know what Reckall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Reckall Dyspepsia Tablets will satisfy you? Three sizes: 25 cents, 50 cents, and \$1.00.

You can buy Reckall Dyspepsia Tablets in this community only at our store:

OJEDA HEMMED IN BY STATE TROOPS Federal Commander Will Fight to the End.

Naco, Ariz., March 19.—Surrounded by nearly 2,000 state troops, who are rapidly closing in against Naco, Sonora, General Ojeda admitted his predicament. Intent on preventing a recurrence of the federal victory of last Saturday, Colonel Juan Cabral is taking time and pains to hem in the small garrison here, leaving an only outlet over the international border to the north, where troops of the Ninth and Fifth United States cavalry await the expected border battle.

"I am hemmed in and some way must cut my way out," admitted General Ojeda. "Despite my former victory, I feel humiliated and determined to fight to the last ditch. I have 400 trained soldiers behind me, having driven disloyal ones from the barracks. I'm prepared to give the rebels a warm reception."

It practically is assured that the next battle will take place at Naco.

BRYAN HAS NO MESSAGE

Secretary of State Refuses to Advise Illinois Legislators.

Springfield, Ill., March 19.—The eleventh joint ballot on the long term United States senatorship resulted in no choice, despite Secretary of State Bryan's presence. The leaders were L. Y. Sherman (Rep.) with 74; J. H. Lewis (Dem.) with 85, and Frank Funk (Prog.) with 20.

The secretary of state had no "secret message" from President Wilson, anent the Illinois senatorial situation, he told the joint session of the Illinois legislature. Mr. Bryan asserted that he came more as a private citizen, "speaking to those who are invested with great responsibility," than as an official of the federal government. Mr. Bryan heard the vote on the senatorships which resulted in no choice for either the long or the short term.

Only in the most general terms did Secretary Bryan refer to the complex Illinois political problem, and then chiefly as an illustration of citizenship duties.

130 Miners Imprisoned.

Henderson, Pa., March 19.—One hundred and thirty miners are imprisoned in a coal mine of the Pittsburgh Coal company at Baskette, near here, because of a cave-in, which has clogged the mouth of the shaft. Reports from the mine stated that the men have been unable to make their way out through the air shaft, though there have been no fatalities. It was expected the men would be released soon.

Surely Banishes Catarrh.

Where there's catarrh there's thousands of catarrh germs. You can't get rid of catarrh unless you kill these germs.

You can't kill them with stomach medicine or sprays because they can't get where germs are.

You can kill these germs with Booth's HYOMEI, a penetrating, antiseptic, balsamic air that you breathe a few times a day directly over the raw, sore, germ infested membrane. It does not contain morphine or any habit forming drug.

For catarrh, croup, coughs and colds. HYOMEI is sold on money back plan by the Oren-Henry Drug Co. Complete outfit, \$1.00. Extra bottles of Booth's HYOMEI if afterward needed, only 50 cents. Just breathe it—no stomach dosing.—Advertisement.

Senator Anderson Craig seems to stand all right in the state senate, all right with the temperance and moral forces of the state in general, all right with the majority of the people of his senatorial district; but he does not stand good with the Worth County Times. And we have no evidence that he is dissatisfied with just that sort of a situation—DeKalb County Herald, Maryville.

The Columbia State is claiming David F. Houston as a South Carolinian. Houston was born in Monroe, N. C., about fifteen miles from the birthplace of Andrew Jackson. Our contemporary regards any man as a South Carolinian who rides through the state at night.

It is said the civil salary list of the United States government amounts to \$2,000,000 a day. Just think of the depraved and devilish Republicans getting all that money while our boys are waiting and longing.

ABOUT SENATOR CRAIG.
Senator Anderson Craig, of this district, is somewhat elated over the passing in the state legislature of the "County Unit" bill, a measure calculated to put out of commission the saloon interests in districts where the county as a whole is "dry" but have one or more "wet" towns within the limits. Under the provisions of this bill Senator Craig's home county, Nodaway, will get rid of the licensed saloon at Maryville, an institution the town and the county bitterly opposed, but was upheld by a majority of the town people.—King City Democrat.

We learn from the Tennessee papers that Secretary McAdoo is a Tennessean. That is to say his grandfather once owned a gray mule that was born in Tennessee.
